Optional Excursions - Island of Kauai

KPCOE 1- Ultimate Kauai Adventure Helicopter Tour

Duration 3.5 hours/55 minute flight

Price \$330/-per person*

*-All passengers should be 2 years and over

- should weigh under 240 pounds.

Soon after breakfast, meet your driver in the hotel lobby, who will take you on a scenic drive to the helipad location. Morning flights are the best for viewing the incredible aerial landscapes of Kauai - Hawaii's fourth largest island, called the "Garden Isle," is the oldest and northernmost island in the Hawaiian chain. Throughout the year it is draped in emerald valleys, sharp mountain spires and jagged cliffs, aged by time and the elements. Centuries of growth have formed tropical rainforests, forking rivers and cascading waterfalls. Some parts of Kauai are only accessible by sea or air, revealing views beyond your imagination. Perhaps the best way to see the breadth and majesty of Kauai is by air.

On arrival you will board a six-passenger jet-powered helicopter. Experience the magnitude of the Na Pali Coast. Hover over the deep chasms of Waimea Canyon. View majestic Manawaiopuna Falls, seen in the film, "Jurassic Park." With much of Kauai's lush wilderness inaccessible by car, an aerial tour is the perfect way to fully experience Kauai's hidden natural wonders.

As the end of the tour you will be transferred back to the hotel. Rest of the day will be at leisure.

KPCOE 3: The Mountain Tubing Adventure

Duration: 3 hours (10AM to 1:00PM)

Pricing: \$192/per person

Later this morning, you will embark on a truly unique & memorable adventure experience for everyone! This excursion includes an exclusive access to the historic irrigation system of the former Lihue Plantation.

This ditch and tunnel system that once irrigated vast sugar crops had been unused since sugar was taken out of production in 2000.

In January 2003, Kauai Backcountry opened a section for exclusive tubing tours. This water system runs through some of the most beautiful and remote land on the island. It includes spectacular views of the mountains and Waialeale Crater.

The waters which originate near the top of Mount Waialeale, one of the wettest spots in the world, are channeled through ditches and tunnels hand-dug by plantation workers over a century ago!

The Mountain Tubing Adventure is perfect for all and in generally good physical condition. The gently flowing waters, beautiful scenery, flumes and tunnels are combined for a relaxing, fun and fascinating experience. And when we say we are unique, we mean it! This is the only eco-tour tubing activity of this type on Kauai with access to these 17,000 acres of former plantation lands.

At the end of this adventure, you may return to the hotel or choose to go on a thrilling Zipline adventure

KPCOE 4 Zip-line Adventure:

At Kauai Backcountry Adventures, you can “get high” on this exhilarating experience! Fly across seven ziplines which descend a mountain side.
